Mr. T. V. Wilcher was completely restored to health and vigor by Duffy's Pure Malt Whiskey after a severe attack of malaria had so weakened him that his system responded to no other treatment. This same thing is happening every day, and our patients cannot praise his wonderful medicine enough.

In a recent letter Mr. Wilcher wrote: "I am delighted to add my testimony to the excellent quality and also the beneficial effects of Duffy's Pure Malt Whiskey. I had a very severe attack of Malaria fever, from which I never entirely recovered until I used Duffy's Pure Malt Whiskey. After taking one bottle the nervous feeling left me, and I felt like a new man. I heartily recommend Duffy's Pure Malt Whiskey in any one convalescing from fever or suffering from any wasting disease. Taken properly in small doses, it will produce wonderful results. Wishing you continued success."—T. Vince Wilcher, Union Point, Ga.

as a tonic and stimulant when convalescing after fever is the greatest strength-giver known to science. It aids in destroying the disease germs, and by its building and healing properties restores tissues in a gradual, natural manner. It stimulates the heart action, causes the blood to course more quickly through the veins, and builds new tissues. It is a wonderful specific in the prevention and cure of all throat, lung and stomach troubles, low fevers, and all wasting, weakened, diseased conditions. If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

## MAN AND WOMAN IN HARNESS HAUL FAMILY

New Yorker Is Eighty-six Years Old, Has Had Four Wives and Twenty-three Children.

Winsted, Conn., July 30.—Harnessed like horses and drawing their four youngest children in a heavy cart, William Wallace Bishop, aged eighty-six, and his fourth wife arrived here from Sangersfield, N. Y., and spent the night with Mr. Bishop's son, William R., a railroad brakeman, residing on Finn Street. To-day they resumed their journey to Maine, where they plan to visit relatives before returning to their home in New York.

Bishop has been the father of twenty-three children, fourteen by his first wife, four by his second, and five by the present Mrs. Bishop, who is only twenty-four years old. He resided here sixteen years ago. His son, William, has eleven children, ten girls and a boy. Another girl died. The family has trudged about 350 miles in the manner described.

They generally camp out wherever night overtakes them. Bishop has been traveling about the country about much of the time for the last six or seven years. In addition to the cart, which provides comfort for the four youngest children, he carries a large piece of canvas, which provides shelter for himself and wife and another child, a boy of seventeen. This boy is an accordion player, and picks up more or less money by playing along the way, while Bishop works whenever opportunity offers. On such occasions the family camps in a convenient lot until the job is completed. Bishop resembles an Indian, and says he has never been ill in his life. Members of the family are all strong and rugged, and Mrs. Bishop seems to enjoy their mode of living as well as her husband.

## YOUTHS CONFESS VARIOUS CRIMES

Set Fire to Four Houses for Purpose of Robbery.

New York, July 30.—That they set fire to four houses in one night for purposes of robbery, conspired to attack a lad and engaged together in other criminal exploits, is the confession made by two Brooklyn boys, according to the police and the officials who put them through a third degree ordeal following their arrest for a minor offense. After their confession had been written out and signed, the boys, escorted by detectives, went to the scene of several recent fires and described how they set the places on fire with small bombs and looted them during the excitement caused by the blaze. The police charge the pair with responsibility for a series of small fires of incendiary origin which have occurred in Brooklyn within the past four months. The proceeds of many of their earlier robberies and lootings, according to the police, were spent practicing at a Coney Island shooting gallery, the boys intending to use the experience gained in possible future conflicts with the police. According to their story, they had been working together criminally for several years.

## FIRST SUFFRAGISTS IN WOMEN'S PARADE

Three Participants in the Great Meeting of 1848 to Appear Here in October.

New York, July 30.—Three women who took active part in the first suffrage meeting in this country, held at Geneva, N. Y., in 1848, will appear in the monster suffrage parade and demonstration to be held here October 29. They are Miss Roda Palmer, of Seneca Falls, and Mrs. Casey and Mrs. W. P. Halliwell, of Rochester. This announcement was made by Mrs. Harriet Stanton Blatch, yesterday at the headquarters of the Equality League of Self-Supporting Women, No. 43 East Twenty-second Street.

Among the features in the big parade, according to Mrs. Blatch, will be the following:

The most beautiful suffragist on a Sedan chair. Mrs. Blatch said this honor would probably fall to Miss Inez Milholland.

Float representing the "shut-in" industries for women, such as the spinning wheel, etc.

Float drawn by several young women, on which will be the three pioneer suffrage workers.

Carriage drawn by young women, which will be filled with "suffrage babies" to show that suffragists do not neglect rearing families.

There will also be women on horseback, driving four-in-hands and automobiles, as well as women representing all sorts of trades and professions. Women athletes will likewise take part.

Preceding the parade there will be a mass-meeting, probably in Madison Square Garden.

## SUMMER SCHOOL ENDS SUCCESSFUL SESSION

Close of Institute at Fredericksburg. Good Progress in Building Permanent Roads.

[Special to The Times-Dispatch.] Fredericksburg, Va., July 30.—The Summer Normal Institute which has been in progress here for the past month closed to-day. The session has been a most successful one. The teachers have applied themselves most earnestly, and it is believed that a large average will be made on the examinations. The examinations have been in progress for three days, closing this afternoon. The teachers will be notified of the result of their examinations in three or four weeks by Prof. A. B. Chandler, Jr., who was the conductor of the institute. A number of the teachers left for their homes to-day. Others will go tomorrow, and by the first of the week but few of them will be left.

The work of building the permanent good road in Spotsylvania County between Fredericksburg and Spotsylvania Courthouse, is progressing well. Engineer A. F. Brown, of the office of the State Highway Commission, is looking after the interest of the State and the county, and the contractor is R. G. Lassiter, of Southside Virginia. About fifty men, twenty-eight mules, a number of big wagons, a ten-ton steam roller, water wagon, road scraper and other machinery are used in the work.

A small portion of the road has been finished, which serves as an object lesson in good road building, showing its great advantages, etc. \$100,000 is to be expended in the improvement of roads in Spotsylvania, it will probably require the balance of this year and nearly all of next year to do the work.

The Richmond, Fredericksburg and Potomac Railroad has donated to the city twelve carloads of gravel from its gravel pits for use in improving the streets leading to the new freight depot of the road.

Rev. R. J. McBryde, D. D., rector of St. George's Episcopal Church, in this city, is off for a month's vacation, and

Government inspectors have recommended that a lighthouse to cost \$15,000 be placed at Tatley's Bar, near Wheaton, on the Rappahannock River, and a \$35,000 lighthouse be erected at Towle's Point on the lower Rappahannock River. These items will be included in the Lighthouse Board's requisition on the next Congress, and it is thought that the appropriation will be promptly made.

Congressman Jones, Senator Martin of Virginia, and Senator Penrose, of Philadelphia, will use their best efforts and influence in securing the appropriations.

Four Prospects Are Bright. [Special to The Times-Dispatch.] Charlottesville, Va., July 30.—The outlook for a most successful county fair in Charlottesville next October is most encouraging. Between 700 and 800 entries for prizes have been received from the children of the public schools of the county, while eighty boys from the county have already entered for the one-acre corn prize.

## PIEDMONT ASSEMBLY IN ANNUAL SESSION

Gathering at Tabernacle Grounds of Representatives of About Forty Christian Churches.

[Special to The Times-Dispatch.] Charlottesville, Va., July 30.—The twelfth annual session of the Piedmont Assembly, composed of about forty Christian churches of the Piedmont District, began to-day at the tabernacle grounds, one mile west of Gordonsville, and will continue through August 14.

People from distant cities who will attend began to arrive yesterday, and are occupying the twenty or more cottages built for the accommodation of distant members. The grounds are pleasantly located in an elevated grove, and are particularly suited for the gathering of large bodies of people. The tabernacle building is substantial and commodious, having a seating capacity of over 1,200.

The list of speakers this year is what may be called formidable. In addition to the ministers of the district, a number of prominent divines from other parts of the State and adjoining States will be in attendance. Among them are: Rev. Grant K. Lewis and A. McLean, of Cincinnati, O.; George W. Kemper, of Midway, Ky.; W. J. Cooke, of Meridian, Miss.; S. T. Willis, formerly of New York, but now of the Virginia College, Lynchburg, Va.; Richard Bagby, of Louisiana; P. A. Cave, of Richmond; W. M. Forrest, of the University of Virginia, and others.

There will be daily programs—morning, afternoon and night—with especially strong features the three Sundays—July 31 and August 7 and 14. The sermons to-morrow will be preached by Elder S. T. Willis.
